## NEW FACES AT GOULD

### SIX NEW INSTRUCTORS

Gould began its 142nd year with six new instructors filling vacancies in different departments. The new faculty are relatively young, the average age being under 30, but this does not, however, detract from their efficiency and experience.

The veteran members of the staff are Marvin Ouwinga and A. James Fiske. Fiske, a graduate of Manhattan College, worked as a safety engineer for ten years before entering the teaching profession and becoming a teacher of chemistry and physics. Prior to coming to Gould, he taught at

Mexico and Dixfield High Schools and eight years at nearby Telstar Regional High School. Fiske was elected Maine Teacher of the Year in 1970 and received the Innovative Teacher Award from the American Association of Physics Teachers in 1973. He is currently the editor of the publication, the Physics Teacher.

Mr. Ouwinga joins the staff in the history department, teaching continued on Page Four

## NEWRY POSTMASTER TO RETIRE FRIDAY

Robert T. Davis, Newry, is retiring as Postmaster on Friday, Oct. 7, completing nearly 30 years of service. He assumed charge of the Post Office, which was then called North Newry on Nov. 1, 1938. The name was changed to Newry in 1953. During most of these years he was assisted by his wife, Bertha, until her fatal illness in 1975.

Members of the Davis family have served Newry and surrounding communities since 1893, when an uncle, Charles Davis, then a resident of Grafton, successfully bid the Star Route from Lakeside, N. H., to Bethel, Maine, serving Post Offices on the way at Upton, Grafton, Newry (then North Newry), and North Bethel. Not long afterwards the route was extended to Errol, N. H. Later the route was shortened, discontinuing service from Upton to Errol, via Lakeside and Cambridge, N. H. Services in 1890s was daily in summer. One driver left Upton about 7 a. m. proceeding to Bethel.

Another driver would leave Bethel on receipt of the mail, thus assuring both delivery and forwarding of mail daily to all concerned. In the winter mail left Upton one day returning from Bethel the next. Horses, of course, were the motive power in those days. The route was later changed to Errol, N. H. In the winter, during the late 20s, the latter was converted to a snowmobile by the addition of lags on the rear and converting to runners on front.

In the beginning, Charles Davis was assisted by his brother, Gerald, and later by his son, Moses. On the death of Charles Davis in 1929, when his bid was unsuccessful, Robert's brother, Earl Davis, was an R. F. D. carrier in the Bethel area for many years. He carried the mail from 1927 until 1963. At first his route was to Albany and Hunt's Corner, and later extended to include South Bethel, East Bethel, and the Middle Intervale areas. Another brother, Leslie, became Postmaster at North Newry in about 1918 or 1919, moving the office from the home of Dennis Kilgore, now the home of Mary Tripp) to its present location on Page Five

Many of the concerns involved changes in names of parcel owners, correcting acreage figures and re-assessing for valuation changes. The Board also received notification that the tax abatement appeals to the County Commissioners by Gene Buswell and Pat Doon had been denied.

The Board of Selectmen will meet in regular session Monday evening, Oct. 10, at the Town Office.

Hours at the Town Dump are currently 12 noon to 6 p. m., Tuesday through Friday, and 10 a. m. to 6 p. m., Saturday and Sunday, closed Monday. These hours will continue in effect through Saturday, Oct. 29.

The Winter schedule (Oct. 30-April 15) will include operating hours of from 9 a. m. to 5 p. m. Tuesday-Saturday, closed Sunday and Monday. This winter schedule is set up on a trial basis and will be evaluated by the Board of Selectmen after a period of operation.

## MEETING OF S. A. D. #44 DIRECTORS HELD AT C. P. S. MONDAY EVENING

The board of directors of M. S. A. D. #44 held a regular meeting at the Crescent Park School on Monday evening of this week.

Supt. Kenneth Smith announced that the District physician, Dr. William T. Whitney, Jr., M. D., of Norway, will be working in the District the first and third Tuesdays of each month. Mr. Smith also reported that S. A. D. #44 will use the services of World Wide Weather, Inc. of Brunswick to better prepare for inclement weather. The service will helpfully save the District money and provide a margin of safety. Mr. Smith said that since the Maine Safety Act has been in effect since July 1, schools essentially are now under the so-called OSHA standards. He also said that the School Lunch Program is feeding an average of 75% of the students each day (980). In addition, 37 adults participate daily.

It was reported that 1,314 pupils were registered in S. A. D. #44 schools as of Sept. 10. Enrollment by schools was as follows: Andover (K-6), 112; Bethel (K-2), 142; Crescent Park (3-5), 181; Locke Mills (K-2), 48; Woodstock (K-6), 153; Middle School (6-8), 282; Telstar (9-12), 396.

Thomas Wheeler, Vocational Administrator of Region 9 (NOVA) explained the existing programs and plans for the future. He said the function of Vocational Education is to provide students in the last two years of secondary school with entry skills required for a vocation, as well as training and re-training workers in an adult program. In addition to a Cooperative Education Program in S. A. D. #44, two trade programs are offered at Rumford, building trades and machine shop. It is expected that a Nurse's Aide Program will be offered in the second semester. Potential programs for the future include forestry, heavy equipment operation and maintenance, and welding.

Dr. Wayne Gersen, Telstar principal, explained a method of rotating student participation in board meetings. Two different Student Council members will attend each directors' meeting, to observe the board in operation. One of the Council members attending will give a short summary of high school activities. At the Monday session Karen Brooks gave a summation of activities at the school since opening this fall. She was accompanied by Marlene Bean.

Cliff Wing, elementary supervisor, gave a brief explanation of the continued on Page Four

The first annual meeting of the Bethel Area Community Education-Work Council is being held Wednesday evening, Oct. 12, 7:30 p. m., at the Sunday River Inn, on the road to the Sunday River Ski Area in Newry.

The Bethel Area Community Education-Work Council is a group of concerned citizens organizing for the purpose of identifying the process our young people go through in moving from education to the world of work and to devise means of making that transition process more rewarding for youth and more productive for the community.

The purpose of the annual meeting is to formally organize the council, adopt by-laws and elect a Board of Directors. The tentative agenda for the meeting includes the following items: Welcome and introductory remarks; Purpose and Objectives of the Bethel Area Community Education-Work Council; Establishing Council Membership; Presentation and action on the proposed council by-laws; Nomination and Election of the Board of Directors; Closing Remarks and Adjournment.

A short meeting of the newly elected Board of Directors is planned immediately following the annual meeting to elect officers and establish regular meeting dates. Copies of the proposed by-laws are available in the Council office at Telstar Regional High School and will be mailed to interested citizens for their review prior to Wednesday's meeting. ## Greenwood City

— Mrs. Colista Morgan, Corres. —

Once each year we usually go to "our" island of North Haven, to watch the rhythm of the sea, listen to the endless crashing of the waves against the rocks, hear the bell buoys near half hidden ledges, and the distant booming of the foghorns on light houses off shore.

We left home early to arrive for the morning ferry at 9:10 a.m. from Rockland, which smuggles down along the shore of Penobscot Bay. In back rise the Camden Hills.

It was a pretty day to chug across the bay, a ride of some over an hour, pass the Rockland Breakwater, and Owl's Head Picture-book Lighthouse. The latter dazzled against the green spruces. Gulls wheeled over head, dories bobbed at their moorings, while power boats were out to haul.

Maine coast places sometimes have curious or romantic names for the islands and ledges such as Mouse, Goose, Sugar Loaves, Fiddler, Drunkard, Saddle, and many more. We passed some of these, for North Haven and Vinalhaven Islands have a scattering of ledges and islets. Both islands are "chewed into" around the edges.

As we arrived, the harbor region seemed like "The Land of Enchantment" for all along the way were spots of beauty unspoiled and unchanged.

Our hostess and friend, welcomed us with a dinner of lobster. Lobster, a delight at anytime, but when prepared by an island cook is a food for the epicure. When they emerge from the pot, red, steaming, and fragrant they are at the top, holding honors with any food of the world. A lobster stew or chowder ranks high too. It is super, rightly seasoned, and set for a time to ripen.

We wasted no time but spent the afternoon at the beach and cooked our supper there. We stayed to look out over the glassy water, reflecting even the thinnest clouds stretched across the sunset and the colors of pale blue, rose, and gold. Then came the quick fall of darkness.

One day we went to the "old place" up island and climbed the hill where we had visited so many times over the years. It is one

of the most scenic spots on the island. Our friend lived here for nearly 20 years. Alone now, she lives in the village which is more convenient for her. From here a soft breeze usually blew, the little house had plenty of space around it, lovely flowers, and a gorgeous view of the water and sunsets. There were so many things to see; always the fountains of spray, the turning of the tides, the boats, the hills, and the bowing of the sedges in the breeze. So you can understand that she has never lost her love for the upland home.

One night the moon was full and the unearthly white light streamed in at the windows, I wondered how it looked at the various beaches. The wind drummed on the roof, and the wind howled at the door.

We experienced fog as well as sunshine and rain. On the foggy days the grass plumes bow low in water. The harbor is set in gray. No sound of gulls or boats. It is like standing in a world thick with a swirling mass of clouds and nothing to see.

At some time, on most days, we went to the beaches, either to watch the surf or to have lunch. I enjoyed the sandpipers, the loons, and the small noises of the birds in the underbrush, as I went sliding along the beaches.

The loveliest time of the day is an hour or so before sunset. Then the changing colors of the sky and sea range from brilliant colors to muted tones which merge with twilight as darkness falls over land and water. Then appear the lights of Rockland, Camden, and many other places which make the ocean seem studded with blinking fireflies.

We were invited to Bartlett's Harbor to see the Great Horned Owl. He came there with a crippled wing last fall and somehow lived through the winter. Many people have gone there to see him this summer and fall as we did.

We were lucky to find him perched on a branch about 40 feet up from the ground and he was unconcerned at our moving about under his perch. My brother-in-law declared that the only time his eyes moved was when he noticed my white pocketbook. He fell into the water at one time and the man who lived there told us the story of how he was rescued. His wing showed its injury even from a distance and we all wondered if he'd make it through another winter.

Once after a full day we were challenged to play a game of croquet. I had not played since I was a child. It is different, of course, from other outdoor pursuits, un-hurried, and one must keep calm and serene. The comments—caustic, jibing, flattering, and derogatory—must be taken in stride and fun. It was pleasurable recreation on a modest scale.

Our friend is librarian for the Islanders so we visited the lovely rooms with the 9,000 volumes and the collection of artifacts.

The days were busy with many more experiences, too numerous to mention.

Our return trip was rainy and windy.

How the trees had changed in the 12 days we were gone. Now we live in a world of color for the

The Selectmen have received notice that the new Highway Department Truck has arrived. It is expected that the body will be mounted this week, and the truck will be ready for delivery about Oct. 10. It will then be taken to Skowhegan to have the plow and sander mounted. There is slightly over \$9,100 in the Highway Equipment Fund and the Town has

\$17,775 due from the State as reimbursement for loss in taxes under the Tree Growth Tax Law for 1975 and 1976. This is due sometime after Oct. 24, and before the end of the year. The Selectmen have been authorized to use this money to pay the balance due on the truck and plow. A short term loan in the amount of \$15,000 will be negotiated, to be repaid when the Tree Growth Refund is received. The Selectmen have filed a claim for \$10,580 refund for

loss in Taxes for 1977 under the Tree Growth Law. Under the original law this would be due sometime after the latter part of October 1978. Under a law introduced by Rep. Karen L. Brown, Bethel, and passed by the 108th Legislature up to 75% of this is to be repaid within 90 days of filing of the claim, with the balance to be paid late in 1978. This law should make this money available to the Towns a year earlier than under the original law.

**GREENWOOD FIRE DEPT.  
AUXILIARY TO MEET OCT. 10**  
The Auxiliary of the Greenwood  
Fire Department will meet Mon-  
day, Oct. 10, at 6:30. There are  
many matters to be discussed and  
all members are urged to attend.  
Tentative plans have been made  
to hold a pot luck supper for  
members, and families of both  
groups on October 23 and again  
on December 11. Your help is  
needed to finalize plans for these  
popular events.

The group is also planning a  
fund raising, featuring a Thanks-  
giving Basket. The proceeds from  
this will go towards supplying  
chairs for the fire hall.

A matter of concern to all is  
the subject of incorporation for  
the group. All necessary informa-  
tion has been attained by the se-  
cretary and now the matter must  
be voted on. Views and questions  
are welcome at this important  
meeting.

**WALKING WITH JESUS CHRIST**  
"The Bride and Groom"  
The engagement is announced,  
the bride to be prepares for her  
wedding; showers of gifts, new  
clothing—all in joyous anticipa-  
tion of being wedded to her love;  
the bridegroom, who gently calls  
her in loving terms.

So it is with our Lord; His great  
love for His creatures, ever calling  
them to be His own.  
In His Word, the Bible, He  
tells the subject of His love. In the  
Song of Songs we see a pre-nuptial  
song of Christ to His Church:  
"His Bride." Rev. 22:17 says "And  
the Spirit and the bride say, Come,  
And let him that heareth say,  
Come. And let him that is athirst  
come. And whosoever will, let him  
take the water of life freely."

Isaiah 61:10 says "I will greatly re-  
joice in the Lord, my soul shall be  
joyful in my God; for He hath  
clothed me with the garments of  
salvation. He hath covered me with  
the robe of righteousness, as a  
bridegroom decketh himself with  
ornament and a bride adorneth  
herself with her jewels."

Isaiah 62:5, "For as a young  
man marieth a virgin, so shall  
Thy sons marry Thee: and as the  
bridegroom rejoiceth over the  
bride, so shall thy God rejoice  
over thee." 1 John 4:7 "Beloved,  
let us love one another: for love is  
of God; and every one that loveth  
is born of God and knoweth God."

cused from school attendance with  
the consent of parent or guardian  
and approval of school committee  
or board of directors."

The following were appointed as  
Adult Education teachers: Suzanne  
Bane, English; Nancy Vargiu,  
Bread Baking.

Yearbook Advisor, and Suzanne  
Taylor as Newspaper Advisor, at  
Telstar for the 1977-78 year.

key coach. Authorized was granted  
to post the vacancy in the read-  
ing position. The directors ap-  
pointed Kathy Dunham as Middle  
School girls' field hockey coach.

Monday evening were: Patricia  
Hudson, Bethel; Charles Haegele,  
Newry; Andrew Hinkley and Sher-  
ryl Wilbur, Woodstock.

mentary School.

### NEWRY POSTMASTER RETIRING

continued from Page one

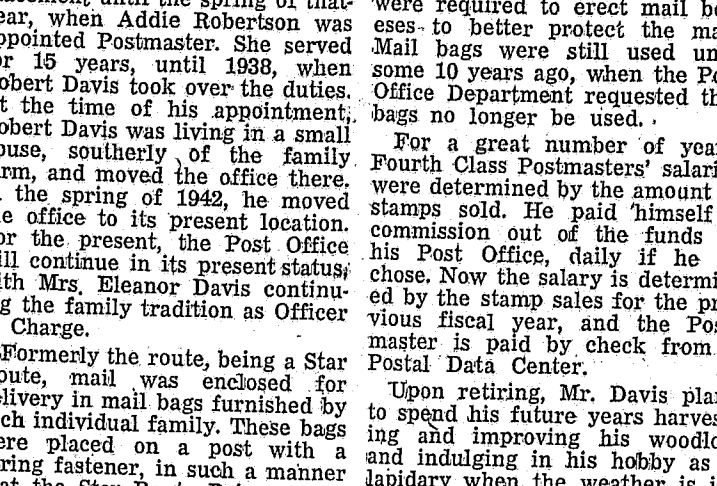

location. Not long after this, Leslie took charge of a birch logging job on the Branch, and his mother, Cora E. Davis, became postmistress until her death in 1923. Mrs. Davis' husband, Sumner P. Davis, then acted as replacement until the spring of that year, when Addie Robertson was appointed Postmaster. She served for 15 years, until 1938, when Robert Davis took over the duties. At the time of his appointment, Robert Davis was living in a small house, southerly of the family farm, and moved the office there. In the spring of 1942, he moved the office to its present location. For the present, the Post Office will continue in its present status, with Mrs. Eleanor Davis continuing the family tradition as Officer in Charge.

Formerly the route, being a Star Route, mail was enclosed for delivery in mail bags. These bags were placed on a post with a spring fastener, in such a manner that the Star Route Driver could

snatch the bags without stopping his vehicle. On the return the bags were hung on the ground or snow, not requiring the carrier to stop along the route. Unless the bags were made of waterproof material the mail might get soaked, or it might be blown away unpicked up. In the 1920s patrons were required to erect mail boxes - to better protect the mail. Mail bags were still used until some 10 years ago, when the Post Office Department requested that bags no longer be used.

For a great number of years, Fourth Class Postmasters' salaries were determined by the amount of stamps sold. He paid himself a commission out of the funds at his Post Office, daily if he so chose. Now the salary is determined by the stamp sales for the previous fiscal year, and the Postmaster is paid by check from a Postal Data Center.

Upon retiring, Mr. Davis plans to spend his future years harvesting and improving his woodlot, and indulging in his hobby as a lapidary when the weather is inclement.

### TELSTAR DEFEATS MT. ABRAM IN FOOTBALL ACTION, 21-0

by Greg Roberts

Telstar defeated Mt. Abram at Bethel Saturday 21-0 on a rainy mud soaked field. The Rebels scored first on a drive capped by a four yard run for the score by Chris Mills. The remainder of the first quarter was more or less even with neither side being able to move. Telstar did get a chance though when Tim Tracy recovered a Mt. Abram fumble. Unfortunately the Rebels couldn't capitalize. Second quarter action was wild and woolly with two fumbles and three interceptions. Of the five mistakes only two were by the Rebels. One fumble and one interception. Telstar finally held onto the ball and drove downfield to the Mt. Abram five. There Mike Brooks bulled in for the score. Mike Rosenberg missed the PAT but kicked the first successfully. Late in the third and early fourth quarter Telstar struck again. Starting at their forty yard line they drove to the three yard line where Glenn Dunn drove in for the score. A two point conversion run by Russell Palmer made the score 21-0.

Standout defense by the Rebels handled the Mt. Abram offense. Mike Rosenberg, Mike Brown, and Dick Morton supplied the punch in the middle with the outside going to Rusty Van Deusen who had two big sacks in the fourth quarter.

The cheerleading and halftime show were great as usual despite the weather. Miss Cheryl Lord is the cheering coach and the band is directed by Mr. Heffley.

## Northwest Bethel

Clarice Gibson, Corres.

Nature has burst forth in all her glory. Every direction one turns there are gigantic bursts of colors. Reds, yellows, orange, and the evergreens make such a beautiful contrast to the bright colors of autumn. The pelting rains Saturday evening must have discouraged many of those who were planning on taking their annual trip around the mountains. It did however, turn out to be a nice day Sunday. The winds have started taking some of the foliage off so imagine by next Sunday it will be over the peak.

We got Wilfred off Tuesday and came back through Turner, Sumner and North Paris. This was a beautiful ride and the traffic was not that bad.

Mr. and Mrs. Charles Mason went to Togus Thursday for Charlie's check up and while there visited their daughter, Terry, who is going to University of Maine in August.

The Mason children honored their parents, Mr. and Mrs. Charles Mason, with a surprise 23rd wedding anniversary celebration Sunday. Other guests included Mrs. Mason's parents, Mr. and Mrs. Pat Murphy, Lee Blake, Marlene Bean and Peggy James. Terry Mason was home for the week end and to help and visit. They received many nice gifts.

Leslie Merrill, Thelma Merrill's

stepson, visited Friday and was a supper guest.

Thelma Merrill came home Thursday afternoon after spending the summer with her brother and wife, Mr. and Mrs. Bill Bond at Hampstead, N. H.

Christopher Laban, son of Mr. and Mrs. John Laban, had for his 10th birthday a party at his parents home. Those attending were Brian Haegele, Howard Thurston, Andy Smith, John Carter, Eric Wight, Mark Hindman, Jay Davis, Jay Hastings, Mark Wilson, brother Matthew and sister Amy. Cake and ice cream were served. His grandparents, Mr. and Mrs. Joseph Casey from Reading, Mass., also visited.

Mr. and Mrs. Frank Aylward have just returned from a trip through upper Maine and Canada.

Mr. and Mrs. Frank Benson had her sister and husband, Mr. and Mrs. Erland Paine from Oxford, Maine, visit Saturday.

Frank Benson had to go to St. Mary's Hospital to have his thumb put back into its joint after hurting it in a woods accident.

Dennis Smith spent Friday night in North Conway, N. H., visiting friends.

Andy and Christine Smith went to the races at Oxford Plains Speedway, Saturday.

Andy Smith, son of Mr. and Mrs. Homer Smith, visited Brent Bacheider at Newry Saturday.

Mr. and Mrs. Dick Angevine and

Mr. and Mrs. Ernest Angevine went to the church harvest supper in Locke Mills, Saturday.

Ricky and Sheri Angevine, children of Mr. and Mrs. Dick Angevine, went to the dance at Telstar, Saturday.

Mr. and Mrs. Davis Kimball and daughters, Anita and Chantel, from Waterford spent Saturday night and Sunday with her parents, Mr. and Mrs. Frank Benson. Davis Kimball is also my cousin.

Saturday I took Grammie (Thirza Gibson) to the 50th wedding anniversary reception of Mr. and Mrs. Hugh Stearns. She stayed down and after the reception a group went up to the Chicken Coop, Mexico, for supper. Mr. and Mrs. Edward Peavear left Grammie off in the pouring rain and went on to spend the night with Mr. and Mrs. Howard Inman. Mr. and Mrs. Edward Peavear had Sunday dinner with us and they left shortly after for Hampton Falls, N. H., being a good day and not too sure of the traffic.

Monday I took Grammie over to visit her great-granddaughter and husband, Mr. and Mrs. Stan Cordwell. She had supper with them and they brought her home.

Ruth Butters returned from the hospital.

Doesn't seem possible but we haven't had a killing frost yet. Have got most everything in, however, just in case.

## Hanover

Pam Morion, Corres.

There will be a meeting at the Town House on Friday to discuss zoning laws. All residents are invited.

The Junior Girl Scout Troop of Hanover will be holding meetings again, starting Wednesday. The group led by Mrs. Craig Turner, will hold meetings every Wednesday afternoon at the Rumford Point Church.

The Carol Cyr family traveled to Boston, Mass., to see the Boston Red Sox play the Baltimore Orioles at Fenway Park. Unfortunately the game was rained out.

Sue Everett was home from the University of Maine at Orono over the week end.

Raymond Chase was home from the University of Maine at Farmington over the week end.

David Berry (left), son of Mr. and Mrs. Francis Berry of Bethel, has been elected co-captain of the 1977 Gould soccer team. This is the senior's fourth year at the Academy, where he has also lettered in basketball and baseball. His strong play at goalkeeper, coupled with that of fellow co-captain Rainer Bothbacher's mid-field play, will help the Gould squad remain a contender in Western Maine play. — Dana Lee Photo.

ANY HOME, new or old, can be fully insulated to cut your costs. Our trained crew blows superior Cellulose insulation in attic and walls without muss or fuss.... without disturbing your household routine. The fuel savings pay for the job.

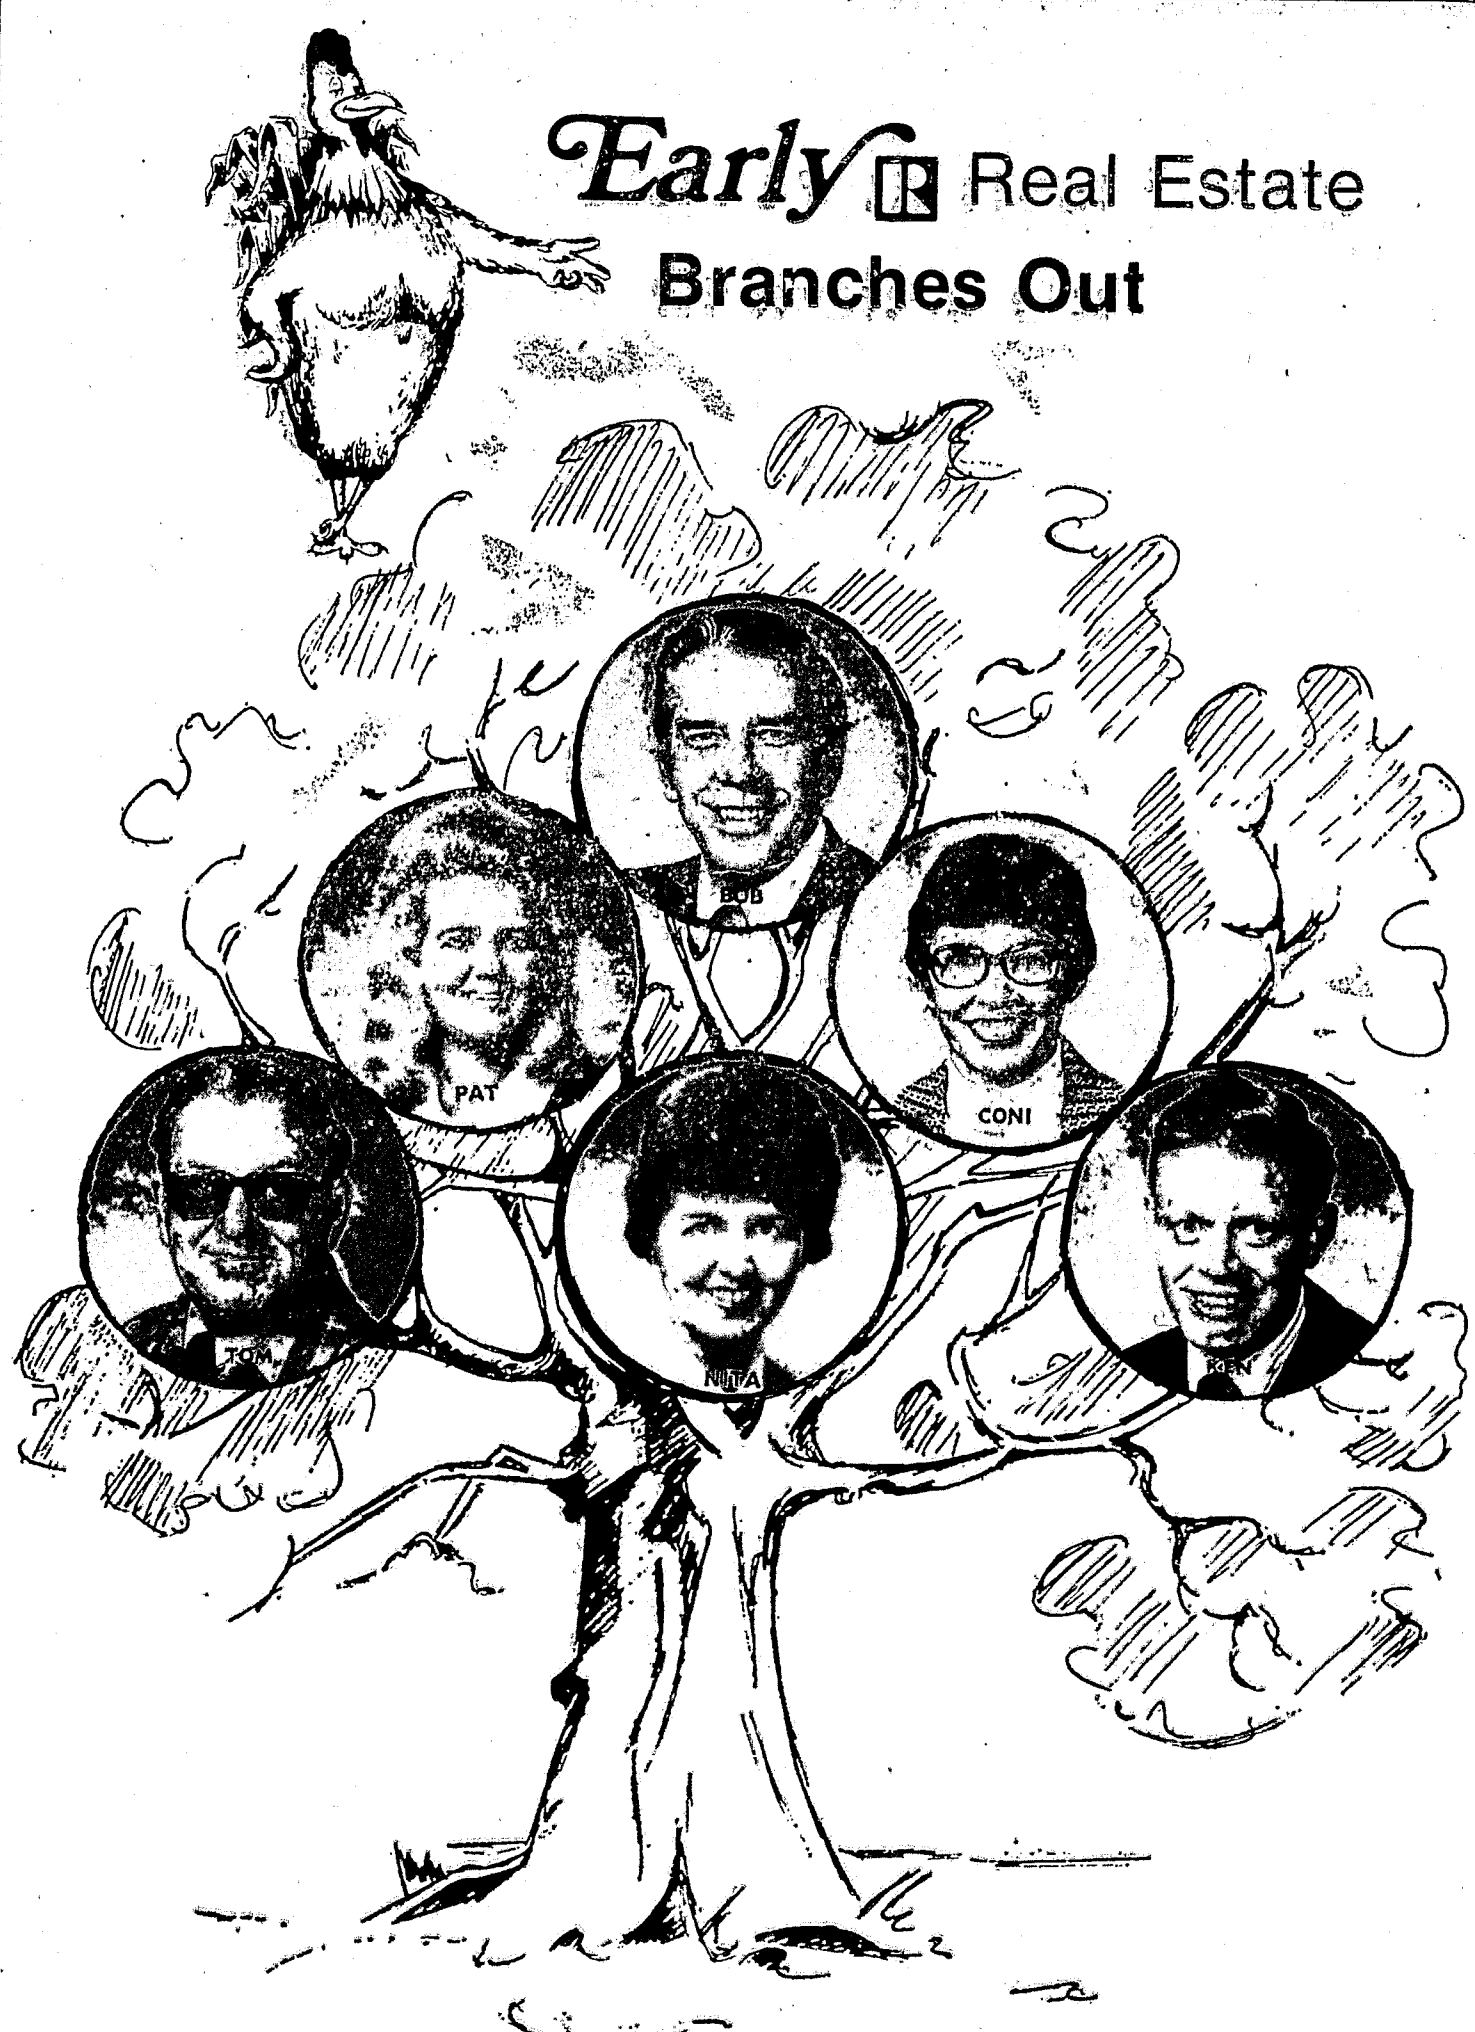

Drafty rooms, snow melting from your roof, walls that are cold to the touch, all mean escaping heat and excessively high fuel bills. Insulation blown into your walls and ceilings stops all this. Cuts fuel bills as much as 50%. Keeps your home as much as 15% cooler in summer and lowers air conditioning costs.

Because Cellulose is an extremely light weight material that is blown in place under pneumatic pressure, it completely fills all areas. No voids are left. Cellulose flows around wires, pipes, and cross bracing to give complete and lasting thermal protection.

## Upton

— Mrs. Arline Bernier, Corres. —  
Margaret Mitchell of Sebago Lake spent a few days at her camp.

Ray Chittum and family have entertained his parents from Ohio for several days.  
Some ladies have been gathering balsam for pillows. The stories conflict so I'm not sure who got the pine needles in or whether someone wasn't sure which evergreen was which. Anyway there seems to be as much fun going in to these little bags as there is sweet-smelling spills.

We saw a small flock of geese Monday.  
I picked fresh dahlias and gladioli Monday, Oct. 3, as the frost has not yet touched them.

After attending a service at Mrs. Mae's cottage of the Mountain View Church, a lady was idly musing that so many should be crowded into a small place while the Upton Church building remains empty. She questioned several and a get-together was planned. As Pastor Richardson and elders of his Bridgton church were in town as guests of Arons Sr. they were invited along with several others to meet at Charlie Heywood's home. A few questions were asked and some misunderstandings cleared up. When the pastor spoke of requirements for membership in his church, he was asked what born again meant. He quoted and referred to several Bible verses as part of his answer. He was then asked several other questions which might effect the populace should the Christian and Missionary Alliance acquire the building through lease or otherwise. After Pastor Richardson and others left many of the Upton group and Dale Thurston remained to pursue discussion. The summer pastor refuted the born again experience and declared it to be non-existent.

One of the fallacies concerning the Union Church is that it is a summer peoples' church. It is mostly controlled by this group partly by default on the part of the residents. There are among us several who deplore the lack of spiritual instruction, Bible teaching, the fact that is financially uninviting to any pastor other than the elected one, and also the injustice in paying one pastor and charging another. Among this group are summer folk while among the group who have fostered the present conditions are full time residents.

The money has dwindled, the congregation has tapered off—services are down to once a year and insurance costs are rising. Maybe some past pompous put-downs will be modified before it is too late. Mostly, I intend to watch with interest as to what transpires and meanwhile I thoroughly enjoy walking to church once again where the Bible is preached and it matters little what sort of building as long as Jesus is worshipped as the Christ, the Savior and the Son of God.

## CUB SCOUTS REORGANIZED

Despite last Saturday's cancelled hike due to the rain, Pack 566 is off to a fine start. Twenty-two Cubs have joined to swell the ranks to a grand total of forty. Nine new adults have also joined the Cub Scout ranks to ensure the continuing vitality of this very important family activity.

The following Dens have been formed: Den 1, Bears, Danny Myers, Scott Newton, Jay Hastings, Scott Sumner, Mike Jodrey, Kevin Sweetser, Jay Davis, Scott Korhonen, Eric Wight and Coley Fudge. Leaders of Den 1 are Mary Newton, Bettyann Hastings and Peggy Wight.

Den 2, Wolves, Kevin Powell, Chris Powell, Jimmy Orino, Mike Newell, Bryan Kellogg, Alec Newell and Timmy Lapham. The leaders are Deedee Kellogg and Cathy Newell.

Den 3, Wolves, Jeff Walker, Scott Stevens, Randall Wilson, John Carter, Mark Wilson, Ernest Mason and Richard Sprague with Anita Mason and Sharon Sprague as leaders.

Den 4, Wolves, Mark Hindman, Lester Cole, Brian Haegle, Toby Walker, Chris Chapman, Shannon Sumner and Vincent Chapman. Den 4 leaders are Lindsey Chapman, Cindy Sumner and Macky Chapman.

Webelos: Brent Bachelder, Scott Dyer, Bruce Barth, Todd Kellogg, Mike McGuire, Brandon Salway, Keith Wight, Jon Ness and Scott Brown. The Webelos leader is Dave Salway.

All Dens should be starting this week, so call your Den leader for time and place. The first Pack meeting will be held Oct. 25 at the Bethel Savings Bank at 7 p.m. How about all the new Cubs earning their Bobcat badges at that time—Get busy.

The new Pack Committee includes chairman Steve Wight, Paul McGuire, Randall Stevens, Bruce Powell, Tom Hutchinson and Cubmaster Al Barth.

ing. The business was discussed very informally. Several suggestions new and revised, were brought up but only two are to be pursued at this time—a newspaper to be printed annually will be worked on with Ray Chittum as chairman while he is in town. Coleen Chittum, Fred Judkins and Arline Bernier are to serve on committee and two people not present were suggested as helpers. Ed Brennan was nominated to build a large attractive bulletin board which will be protected from the weather. This will be for use by the public and set up in an available spot which seems to be best for the majority. It was voted to use up to \$50 for this project. Ellen Murk served refreshments to the group of 12 who had enjoyed a pleasant and constructive fellowship. Next meeting will be held at the discretion of chairman and secretary.

Mr. and Mrs. Peter Rosenberg (Annie Barnett) called on the Berniers at their building site on Heritage Farm. There's been scarcely a day we have not had at least one guest. I wish now I had gotten a guest book before laying the first log.

The movie "For Pete's Sake" will be shown in Errol Friday evening and in Upton Saturday evening, Oct. 8. Time is 6:30. Dr. Barnes spent several days at his camp following an illness.

Less than half the copies remain of SUNDAY RIVER SKETCHES. Don't be left without one! Available at the Bethel Library

## CELEBRATION MIME REVUE AT MEXICO HIGH SCHOOL, OCT. 12

Come one, come all! The bounding band of mime theatre zanies are coming to town! Tony Montano, director of Celebration Mime Theatre, will host an evening of theatre entertainment with his company of eleven mimes at the Mexico High School Auditorium in Mexico, starting at 8 p.m. on Wednesday, Oct. 12.

Juggling, unicycling, improvisational theatre, comedy and drama will be the evening's fare, featuring Garbo & Jillian (the Celebration Duo) and the six-member Celebration Ensemble. The Celebration Trio will offer scenes from their new Children's theatre piece, "Tricksters & Numbskulls".

The Celebration Ensemble will be showcasing their season premiere: "Yesterday", mime - dances inspired by the music of the Beatles. And, a special treat, Mr. Montano himself will be on hand to spice up the evening's fare with introductory comments and sketches.

Wednesday's performance is one of a 13-town series throughout the state, ranging from Kennebunk to Calais, with the schedule sprinkled throughout October and November. The theatre's hope is that the "Revue" tour idea will blossom into a yearly event, in which each town is re-visited in the fall with a brand new show, evolved over the summer experiments at the Celebration Barn in South Paris. The summer period each year will be utilized as a germination time to discover more improvisational tools and further their development of the performers' approach to mime. The sketches, plays, and moments that work for the local South Paris audiences are then to be showcased throughout Maine in Chautauqua style.

So bring the family to Mexico on Wednesday, Oct. 12, to see this special full-company Revue performance. Tickets are available at the door; for reservations, call 864-7926. For more information on the full tour schedule, contact Alan Day, Celebration Mime Theatre, South Paris, Me. 04281.

Mrs. William Geissler, Broad Brook, Conn., has returned home after spending several weeks as guest of Mr. and Mrs. Donald Eddy, Sunset Farm.

## S. A. D. #44 ADULT ED. PROGRAM IS GROWING

The Adult Education Program which was started in January of 1976 is growing by leaps and bounds. Total class enrollment this fall is over 300, and several classes have had to be split into two sections because they are so popular. A new addition this year is the Christmas Crafts Course which has proven tremendously popular. Sandy Caton and Cindy Sumner are teaching 33 people how to make a variety of gifts and decorations, using mostly natural materials such as pine cones. Driver's Education, another addition to the program, is underway, with Ralph Niemi 'at the wheel' part of the time at any rate!

The High School Diploma classes are extremely well attended, and Suzanne Bane has joined the staff as a second English instructor. This is in addition to Mac Davis of Gould Academy who continues to hold an English class on the Gould campus every Tuesday evening.

Andover residents have requested English at the local level in addition to Sewing and Spinning & Weaving. Marie Wilson, Adult Education Director, is looking for someone who will teach English in Andover on Tuesday evenings. Interested applicants should apply to the Adult Education Office at 'Telstar'.

Beginner's Yoga will start on October 6 when instructor Brad Blake returns from vacation. There is still room in the class. Should anyone wish to sign up, please call the Adult Education Office at 824-2139.

If there is anyone in the area who can teach a Speed Reading Course, please contact Marie Wilson. This course will be offered in response to demand after Christmas if an instructor can be found. Other requests for courses are always welcome. The success of the program to date is particularly due to the fact that it meets people's needs. Suggestions are always welcome and will be implemented whenever possible.

## SAFE ALTERNATIVES IN CHILDBIRTH ASSOCIATION TO ORGANIZE OCT. 12

## Setting The Stage

When preparing your home to be shown to prospective buyers use subtle showmanship to help set the right atmosphere. Give your home a restful, happy, inviting look. Don't just sell a house—sell a home!

For evening inspection, brighten your home from the front porch light on through all the rooms in the house. Little decorator touches—a vase of flowers, a plant, small pillows—can add much to the comfortable feeling of a home.

If you are having your home shown in the winter, a crackling fire in the fireplace adds irresistible attraction. A working fireplace is a major attraction to home buyers.

A large mirror can make a room look larger. Properly placed, it can reflect and magnify many of your best selling points. Definitely turn off the TV and turn on soft background music on the hi-fi to create that subtle—lived-in atmosphere. Your prospects are buying more than a house—they are buying a new way of life. So make your home LIVE.

If there is anything we can do to help you in the field of real estate, please phone or drop in at EARLY REAL ESTATE, 60 Main St., Bethel. Phone: 824-2122, 824-2579. We're here to help!
